Monday, 27 March

The day started with the arrival, both students and teachers at the school with their host partners. They were given accreditations and the programme and the headmaster of the school, Mr Jordi Belenguer welcomed the group, then the coordinators of the different countries introduced themselves to let all the participants know each other and finally the coordinator of the host country introduced herself as well. and gave some information on the organization. Students, in groups, showed the school to their partners and the teachers, too.

After that, all the participants were taken by coach to the Town Hall, where the formal reception was held. The reception was lead by the mayoress of the town of Begues, Mrs, Mercè Esteve, the local authority of Education, Mrs Laura Granados and one representative of the National Agency of the area, Mrs. Ana Antón. Then the coordinators and the headmasters sat around a table facing the students and the teachers participants. The mayoress gave a speech including topics such as the town, the project and the education system. Later a representative of the students introduced their own country and finally there was an exchange of presents. Some more speeches were made to thank everybody and encourage the students, teachers and families to work for their future and the official part finished with some snacks of local products and a photo of the group.

After the visit to the town hall, the group went back to the school to continue with the planned activities and the students presented their countries and their school systems. The task was to take notes about the differences in the school systems.

Students and teachers had lunch at the school canteen and the afternoon session started with a welcome concert on behalf of the Primary students.

The working day finished at 5.00 pm with the students doing some MI tests in ICT room online, with the teachers monitoring and helping them. The students were required to work with collaborative ICT tools such as Google drive and etwinning platform in four groups already set up. Students went home with their host families.

Tuesday, 28 March

The project team worked on the activities for the students and teachers meeting in Poland. The date of the next meeting was decided. The second meeting will be held from 19th- 26th November in Lodz.

The working plan was set up for both, teachers and students. Then, the team chose a new platform (LMS) to share material because of some problems with the currently used one.

At the same time, the students continued their work on MI and they wrote a short summary on the school systems in partner countries. Next, the students prepared the interview questions on career paths. After a short break the students and teachers went to the town centre to carry out the interviews.

After lunch the coordinators' team continued working on the logo of the project. The frame for the logo was chosen. The winning logos of each partner country were shown.

At the same time the students gave some feedback on the interviews they did before and some short summaries were written. They also started creating some posters on the school systems. At 5 p.m. students were picked up by the host families.

Wednesday, 29 March

The day started at school, all the students and Spanish teachers met there to take the bus to the train station where they met the other teachers. They went to Barcelona to visit the Park Güell, an outstanding place designed by Gaudí. Students and teachers explored the city centre. Students were given some information on history and cultural heritage of Catalunya. In the late afternoon, students went back home with their hosts families.

Thursday, 30 March

The day started at school. The coordinators decided to do the evaluation questionnaire at home using Survey Monkey as a tool. Then they began writing the reports - the Meeting Report and the Progress Report..

Co-funded by the Erasmus+ Programme of the European Union

The students began working on Europass/ application letters. Later they finished the posters they had started on Tuesday and presented them. Two of the four groups had to write the Tuesday and Wednesday reports.

In the afternoon the work on the project continued. The students were given some talks on Gap year, studying abroad, Erasmus experience by graduates from Manyanet.

The coordinators arranged the chosen logos to make a new one for the project. They also talked about mobility tools and how to use them.

The teachers and the students completed their reports and all the activities planned for the meeting.
