Project Meeting - Portugal 2018

Teachers meeting

June 3rd – 8th 2018

Say “No to NEET!”

3rd-4th June 2018

The last teachers´meeting on Erasmus project "Say no to neet" started on 3rd and 4th June with the arrival of all the members partners. Due to some external problems, some members of the group started working on the project while others had some delay on their trips. We were shown the school building and community, the educational system in Portugal and attended bits of lessons. Then, we started working on the ebook sorting out the activities with the help of the ICT teacher. After the arrival of all the partners everyone got a badge with his own name and nationality and the the group finally meet for a official dinner in Alpiarça.

5th June 2018

At 8.45 in the morning the host partners took all the members from the hotel to school to start working on the project. The coordinator checked all the work and tasks were distributed in teams. We went through the official applications, we updated the blog, we finished editing the ebook on Carrer Guidance as a handbook for teachers and the application for the etwinning quality label. Our coordinator focused on deadline for the final report and how to work on that.

Later, in the afternoon, we had the official reception with the local authorities, where we exchanged presents and talk about the importance of such international European projects for the developing an European citizenship. After that, we visited the city and its landmarks. And the student performed the Jose Selva's life in the museum, Casa dos Patudos, in Alpiarça.

The day finished with an awsome Erasmus+show on behalf of students who did a performance of their talents to present the story of the two years of the project. The coordinator in Portugal thanked all the members of the partners, the families, the school community, the authorities and all school staff for the great support and encouragement all through these two years. Families offered a dinner to the organization.

6th June 2018

The third working day started working in teams, as usual, with the eTwinning label to finish the application. Later, we set up the ebook and we agreed on the final design. We also created some questionnaires for students a survey of the 2 year project to be added to the ebook. In the midsesession, we were invited to a performace by the students to raise up money for cancer children research. In the afternoon, we visited the national Agriculture Fair, a great folk event in the area.

7th June 2018

The last working day started with the survey monkey for teachers.

Afterwards, we began to write the transnational meeting report. We drew conclusions on our work.

In the afternoon, we visited some traditional places and we headed to Lisbon where we had the chance to visit the capital.

8th June 2018

The group visited Lisbon.
